NASHVILLE, TENN: TUESDAY, SEPTEMBER 20, 1853.

DR BLEDSOE'S ALTERATIVE COMPOUND
The Kemedyover all Remotes for the Discusse of the Liver
Dispension, Entrypement and Inflamation of the Spienn
Hearthorns, Oslic Flatalence, Piles, Constription, all
diseases of the Lincols, and such diseases as arise from a
disardered state of the Normach, Liver or Canels, as
Serofula and Swer of any kind. For General Debility,
from which Lincols frequently suffer, there is not its
country in the whole Materia Medica.

[THE inventor of this transportion was for these.

THE inventor of this preparation was for three years a completely presented from Dyspensia and inactivity of the Liver that he was frequently for works at a time unable to raise himself from his bed. He sought aid from physicians at home and in Europe, but in vain; his case was pronounced hopeless by thousands, and it was by accident that he succeeded in curing himself. Since be has been practicing medicing, his success in such cases has been unrivalted. He has been aware of the ingredulity of the public, and consequently said nothing through the press of his own case, until the character of the undiging mas fully astabilished by its success, as shown by the certificates which have been advertised. I subjoin the certifies to of Prof. M. Ganners, of Memphis Tean, with whom I offer advised during the time of my suffering.

MESPHS, Tenn., April 17, 1352.

I hereby certify that I have been acquainted with Dr.J.

N. Bledsoe and some years ago he was reduced I set ore lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsin and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to good health.

M. GABBERT, M. D.

Physicians are requested to try this preparation. We feel satisfied it will sustain the character we give to it in this publication. Howeverse, January 12, 1852. Da. Blenson: —I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the atomach and howels, your Alterative Compound, as a very seperior medicine. My son, agod 15 years, had been under medical treatment about five years for dyspapain and diagrhea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, MICAJAH CAYCE.

entirely cured him. MICAJAH CAYCE. Hunraville, Oct. 17, 1852.

Dr. Blenson:—Some time has classed since I gave a certificate that my wife had been greatly boughted by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with monountary relief. Being persuaded to try your alterative companied, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from disenses of the liver and dyspepsia.

N. B. ROBERTSON. Huntsville, Oct. 17, 1852.

Du. Blereson—Having seen the publication of your Aller ative Compound, I think it my duty to say to the public, that I had been for years subject to spelis of Cramp Colic, in its worst form; that I had to de atmost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved to the contraction of the contraction.

WM. B. LLOYD. Giles County, Tenn., Deg. 23, 1851,
Dr. Bernson:—I feel that I should full short of my duty
to you and to those who are afflicted, were I not to further commend your Alterntive Compound. It has entirely re-wed me, so that I have not had cause to take anything in two months. I can eat anything I want with impurity, and believe my health is as good as if ever is at my advanced aga. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

This is to certify, that I had suffered for many years with Dyspapsia and Discuses of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which cared me soundly, and I recommend it because of the same happy effect upon others of my acquaint unce. JOSEPH CAROTHERS.

HUNESVILLE, Ala., March 3, 1852. Dr. Blenson.—Siz: Judging from the pertilence you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspepsia and enlargement of the spleen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained 25 or 50 pounds, and feel about as well as I ever did. HENRY J. GOFF.

THIS Militaifers from all others in the construction of the upper or linning Stone, which is composed of French Burr Blocks, enclosed in a cast from Case, which forms the back and hoop of the Stone with a Cast Iron Eye, or Bush, than is of greater external diameter at the bottom that at the top, which is secured to the back by four bolts, so that every block is in the form of a doze till which size greater at the top, which is secared to the back by four boits, so that every block is in the form of a dove tail, which gives greater strength to a Stone than my other method which is required in small mills, where the stone is run with great speed, and becomes dangerous if not strongly made. It also gives any weight to a stone of small diameter that is required without having it thick or high, that makes it top heavy.

This mill is a square frame made of wood or cast iron, in the form of a bush, with Bradge tree, Spindle Balance, King Driver, and Regulating Serew, and grands upon the same principle as a large mill, differing only in the Hunner Stone; this being of great weight enables it to grind nearer the center agrenter quantity of grain with heap power than any other mill now in use. This mill is portable, and may be attached to steam, water, horse or hand power.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spindle, with a drum sufficiently large to run a twenty-four inch Mill 240 revolutions per

minute, attached to Gin, Stoam, or Water Power. By the steady application of two horse power the Mill will grind s.x to 8 bushels per hour of good await and will grind wheat as well as corn. The thirty inch mill, if put to its fallest apped, will grind from ten to fitteen bushels per hour.

These mills are warranted to be in every respect as recommended.

Messes, Scoyn, & Make — I have been troubled with the chronic rheumatism for the last tweive years. On the last of puly 1849, I was so had that I could not turn myself in bed.

and the pain so severe that I had not slept a wink for six days. At this time my attending Physican prescribed the "Rebrew Plaster," and it acted bac a charm; the pain left me and I slept more than half of the night, and in three days I was able to ride out. I consider the "Hebrow Plaster" the best remedy for all sorts of participow in two G. W. McMINN. Hendersonville, N. C., Aug. 14, 1850.

A VOICE FROM GEORGIA.

Read the following testimour from a Physician.
Georgians—Your Rebrew Plaster has cured me of pains of which I have suffered for twelve years past. During this period I labored under an affliction of my loins and side, and tried using remedies that my own medical experience auggested, but without obtaining relief. At length I used your Claster, and am now by its good effects onlively cured will recommend the few Pavid or Rebrew Plaster to all with reasonable of the pursued control of the processing of the most of the particles.
